

FRANCOPHONE IMMIGRANT WOMEN IN MANITOBA

WELCOME BOOKLET

ALLIANCE DES FEMMES DE LA
FRANCOPHONIE CANADIENNE

MESSAGE FROM THE PRESIDENT AND EXECUTIVE DIRECTOR

Dear readers,

Francophone immigrant women make an invaluable contribution to the vitality and diversity of Canada's Francophone and Acadian minority communities. Their resilience and commitment, whether to their families or to society, enrich our social fabric and strengthen Francophone identity across the country. Yet their path to integration can be marked by specific obstacles, including challenges related to language, access to appropriate services and adaptation to new cultural realities.

This booklet, designed to support these women in their integration, is also intended to extend its usefulness. Presented here in English, it aims to equip English-speaking immigration service providers to effectively refer their French-speaking clients to French-language resources and services essential to their integration into Francophone communities.

This document is the result of in-depth consultations with French-speaking immigrant women, and has been designed to respond concretely to their needs. It contains key information on services offered, resources available and opportunities for community involvement in a Francophone context. Adapted versions for other regions such as Ontario, Yukon and British Columbia have also been developed to reflect local particularities.

We would like to express our deepest gratitude to the partners who contributed to this project, notably **Pluri-elles**. Thanks to their expertise and collaboration, this booklet is a valuable tool for strengthening inclusion and promoting access to adapted services.

We hope this guide will be a useful resource, both for French-speaking immigrant women and for the professionals who support them in their integration. Together, let's make this welcoming experience a success and a springboard to successful integration.

With all our admiration and best wishes for a successful intégration,

Happy reading,

NOUR ENAYEH,
President
